What is Wheelchairtraveller?

Wheelchair Traveller (WCT) is a Non-For-Profit initiative which facilitates user-generated travel tips for wheelchair users and people with mobility issues. Further, the web-based platform intends to raise awareness in regards to the business opportunities concerning accessible travel. Therefore we provide **free of charge** consultancy services to hotels and restaurants in developing and emerging economies in regards to their wheelchair accessibility.

We know, that making a resort wheelchair accessible is a process and not done within days. It's obvious that the Uroa Bay Beach Resort has expended a huge effort to make it accessible for wheelchairs, wich we appreciate very much! One of our organisations objectives is to assist accommodations, restaurants in developing and emerging economies to provide accessible facilities for wheelchair users and mobility dispaired people (e.g. elderly). Therefore we offer consultancy free of charge. So don`t hesitate to contact us for questions, consultancy and further information.
